Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I am a college student and having the TracFone is convenient for me when I have an emergency. DO NOT CHARGE \$1.00 OR I WILL DISCONTINUE MY SERVICE WITH TRACFONE. I have many, many, many ,many family members and friends who use TracFone and I will be sure to tell them about this. They will also be discontinuing their use with TracFone. So, before you make a silly mistake, please consider the consequences. Thank you.

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
